**LGBT TELEVISION PROGRAMMING:  
LIFESTYLE UPDATE (1986 – 1989)**

The UCLA Film & Television Archive holds over 70 installments of *Lifestyle Update*, a Los Angeles-based cable access public affairs program which examined a wide-range of lesbian, gay, bisexual and transgender (LGBT) issues. In programs from 1986-89, health, science, and sociopolitical concerns relevant to the emerging AIDS crisis are extensively explored. The series also covered important political and activist events, such as the National March on Washington for Lesbian & Gay Rights, and the first benefit for the Minority AIDS Project. Prominent guests featured on the program included Randy Shilts, author of *And the Band Played On* and Gay Liberation movement pioneer, Harry Hay. Entertainment and lifestyle features included segments with the performer Divine and film director John Waters and coverage of regional and national events such as the 2nd Annual California Gay Rodeo and the 16th Annual Gay Pride parade.
